“ We would like to thank you for this memorable trip! Thank you for taking care of our wellbeing throughout the whole trip. We will never forget the lovely moments we spent on Zen as well as your kindness and hospitality! ”

THE YACHT

As her name might suggest, Zen is a peaceful oasis designed with just one goal in mind – to transport you to a state of tranquillity and beyond.

This 2004 Sanlorenzo build underwent a full interior and exterior refit in 2018, culminating in an uber chic, understated and charming space in which to kickback.

An elegant salon is dominated by the oversized sofa while an unusual ornamental wood screen creates a decorative and intimate formal dining zone. Zen boasts the highest grade of fixtures and fittings as well as quality table and glassware.

A generous panelled lobby adds to the sense of grandeur on board.

Zen sleeps eight to nine guests across four cabins – a full beam master and VIP suite, as well as two convertible twin/doubles, one of which has a pullman berth. All staterooms are en suite.
